

Cleaners

CL 12 FIREPLACE CLEANER

Technical Data Sheet

Reviewed: 30.07.2018

TECHNICAL CHARACTERISTICS

Form: Liquid

Color: Transparent

Odour: Characteristic of acid

Density: 1,05 ± 0.02 gr/cm³ 25 °C

Flammability: Non Flammable

Solubility in water: Unlimited

Application temperature: +5°C έως +35°C

REMARKS

- For heavily soiled surfaces scrape off carbon residues with a brush or scraper.
- Wear protective gloves before application.
- Avoid splashes on cloths, plants, shiny metals, gloss paints or other delicate surfaces - use a plastic cover for protection.
- Do not apply cleaner on hot surfaces.
- Before use, test product compatibility on an inconspicuous place.

STORAGE

Products should be stored in a dry and cool place at a temperature of 5^o-35^oC. Protect from humidity and direct sunlight.

SHELF LIFE

12 months from the production date in the above mentioned storage conditions. The product should remain in the original unopened packaging bearing the manufacturer's batch number.

PACKAGING

Spray 500ml

| PACKAGING | CODE | BARCODE |
|-----------|------|---------------|
| 500ml | 5193 | 5204094051930 |

HEALTH AND SAFETY INFORMATION

Skin Corr. 1B: H314 - Causes severe skin burns and eye damage
 P101: If medical advice is needed, have product container or label at hand
 P102: Keep out of reach of children
 P264: Wash thoroughly after handling
 P280: Wear protective gloves/protective clothing/eye protection/face protection
 P301+P330+P331: IF SWALLOWED: Rinse mouth. Do NOT induce vomiting
 P304+P340: IF INHALED: Remove person to fresh air and keep comfortable for breathing
 P305+P351+P338: IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing
 P501: Dispose of contents/container according to the separated collection system used in your municipality
 EUH208: Contains Reaction mass of: 5-chloro-2-methyl-4-isothiazolin-3-one [EC no. 247-500-7] and 2-methyl-2H -isothiazol-3-one [EC no. 220-239-6] (3:1). May produce an allergic reaction. Substances that contribute to the classification: Sodium hydroxide

DESCRIPTION

CL 12 FIREPLACE CLEANER is a superior all-in-one fireplace, barbeque, glass, wood stove and oven cleaner. Dissolves the toughest carbon-based soils. Removes wood smoke, soot and creosote fast and easy. Restores the original look of the surface applied.

ADVANTAGES

- Immediate action in 5 minutes
- Active foam formula

APPLICATIONS

- Ideal for use on firebricks, stone, cast iron, glass fireplace and stove doors, tool sets etc.
- Can be applied as well on ceramic tiles and tile joints.

INSTRUCTIONS FOR USE

1. Shake product well before using.
2. Remove safety cover from valve.
3. Apply from a distance of 5-10cm.
4. Allow the material to soak for 5 minutes and then wash the surface with plenty of water while rubbing with a sponge or brush.
5. Depending on the degree of soiling, repeat the treatment.

CONSUMPTION

7-8m²/Lt

The directives contained in this technical data sheet are the result of our long experience from real life applications and the research testing of our research and development laboratory and have been submitted in good faith. Because of the diversity of the materials and substrates and the great number of possible applications, which are beyond our control, we cannot accept any responsibility for the results obtained. In every case it is recommended to carry out preliminary experiments. We are liable only for our products for being free from faults and of consistent quality. Users are responsible for complying with local legislation and for obtaining any required approvals or authorizations. The present edition of this technical datasheet automatically cancels any previous ones concerning the same product.
