HEALTH AND SAFETY INFORMATION

Flam. Liq. 2: H225 - Highly flammable liquid and vapour **Skin Irrit. 2: H315** - Causes skin irritation **P210**: Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking **P233**: Keep container tightly closed **P280**: Wear protective gloves/protective clothing/eye protection/face protection **P303+P361+P353**: IF ON SKIN (or hair): Remove/Take off immediately all contaminated clothing. Rinse skin with water/shower **P321**: Specific treatment is urgently needed (go to see a doctor with the Safety data sheet for this product) **P370+P378**: In case of fire: Use ABC powder extinguisher to extinguish. **P403+P235**: Store in a well-ventilated place. Keep cool **P501**: Dispose of the contents/containers in accordance with the current legislation on waste treatment

The directives contained in this technical data sheet are the result of our long experience from real life applications and the research testing of our research and development laboratory and have been submitted in good faith. Because of the diversity of the materials and substrates and the great number of possible applications, which are beyond our control, we cannot accept any responsibility for the results obtained. In every case it is recommended to carry out preliminary experiments. We are liable only for our products for being free from faults and of consistent quality. Users are responsible for complying with local legislation and for obtaining any required approvals or authorizations. The present edition of this technical datasheet automatically cancels any previous ones concerning the same product.

DESCRIPTION

GRAFFITI REMOVER is a high performance graffiti remover for surfaces which have been coated with the ANTIGRAFFITI COATING. It dissolves easily most types of paints without affecting the anti-graffiti coating. It is recommended for professional cleaning companies, building managers and property owners. It is also suitable for cleaning coaches and buses, trains, letter-boxes, vending machines etc.

ADVANTAGES

- Quick and effective removal of most types of graffiti
- Non-hazardous - biodegradable

APPLICATIONS

- Removal of graffiti from surfaces treated with ANTIGRAFFITI COATING.
- Cleaning of gloss surfaces such as glass, steel, plexiglas etc.
- Cleaning of vehicle bodies.

INSTRUCTIONS FOR USE

1. Apply the **GRAFFITI REMOVER** on the spoiled surface.
2. Allow the material to act for 5-10 minutes and then rub with a cloth or a soft brush.
3. If the GRAFFITI is not completely removed repeat the process.

TECHNICAL CHARACTERISTICS

Type: Liquid mix

Color: Opaque

Odour: Characteristic

Thinning: Not required – ready to use

STORAGE

Products should be stored in a dry and cool place at a temperature of 5°C - 35°C. Protect from humidity and direct sunlight.

SHELF LIFE

12 months from the production date in the above mentioned storage conditions. The product should remain in the original unopened packaging bearing the manufacturer's batch number.
