SWAN TURPENTINE

Technical Data Sheet

Reviewed: 06.06.2015

HEALTH AND SAFETY INFORMATION

Harmful if swallowed, in contact with skin or if inhaled. Toxic to aquatic life with long lasting effects. May be fatal if swallowed and enters airways. Causes serious eye irritation. Flammable liquid and vapour. Causes skin irritation. May cause an allergic skin reaction. If medical advice is needed, have product container or label at hand. Keep out of reach of children. Read label before use. Keep container tightly closed. Wear protective gloves/protective clothing/eye protection/face protection. IF ON SKIN (or hair): Remove/Take off immediately all contaminated clothing. Rinse skin with water/shower. IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Dispose of the contents/containers in accordance with the current legislation on waste treatment

DESCRIPTION

SWAN TURPENTINE is a pure turpentine organic solvent obtained by the distillation from pine trees. It is mainly used as a thinner for oil based paints.

APPLICATIONS

- Paint thinner for oil based paints.
- Cleaning equipment after painting.

TECHNICAL CHARACTERISTICS

Type: Organic solvent obtained by the distillation from pine trees

Consistency: Liquid

Color: Transparent

Smell: Characteristic

Relative density: 0.85 ± 0.02 gr/cm³ 25 °C

Flammability: Flammable

Solubility (% by weight in water): < 0.1

STORAGE

Products should be stored in a dry and cool place at a temperature of 5°C -35°C, away from sources of ignition. Protect from humidity and direct sunlight.

SHELF LIFE

12 months from the production date in the above mentioned storage conditions. The product should remain in the original unopened packaging bearing the manufacturer's batch number.

PACKAGING

750ml, 4Lt, 16Lt

PACKAGING	CODE	BARCODE
750ml	06045	5204094060451
4Lt	06013	5204094060116
16Lt	06008	5204094060123

The directives contained in this technical data sheet are the result of our long experience from real life applications and the research testing of our research and development laboratory and have been submitted in good faith. Because of the diversity of the materials and substrates and the great number of possible applications, which are beyond our control, we cannot accept any responsibility for the results obtained. In every case it is recommended to carry out preliminary experiments. We are liable only for our products for being free from faults and of consistent quality. Users are responsible for complying with local legislation and for obtaining any required approvals or authorizations. The present edition of this technical datasheet automatically cancels any previous ones concerning the same product.
